fishery practical specimen for pdf

One Biosecurity is South Australia's new on-farm biosecurity management program. The new voluntary biosecurity program will help producers better manage, protect and promote South Australia's already strong biosecurity regime and animal health practices.

One Biosecurity - PIRSA

Painted fish are ornamental aquarium fish which have been artificially coloured to appeal to consumers. This artificial colouring, also known as juicing, is achieved by a number of methods, such as injecting the fish with a hypodermic syringe containing bright fluorescent colour dye, dipping the fish into a dye solution, or feeding the fish ...
