Classical order - Wikipedia

An "Order" in Architecture is a combination of column including capital and base, and horizontal entablature or part supported, designed in relation one to the other. The column by itself is not the order. The Tuscan is the first of the Five Orders.

Orders of Architecture - MasonicSites.org

The Doric order is the earliest of the three Classical orders of architecture and represents an important moment in Mediterranean architecture when monumental construction made the transition from impermanent materials (i.e. wood) to permanent materials, namely stone.

Greek architectural orders — Smarthistory

Published in 1563, Vignola's treatise, *The Five Orders of Architecture*, became a guide for builders throughout western Europe. The Renaissance masters translated Classical architecture into a new type of architecture, in the manner of Classical designs, just as today's "new classical" or neoclassical styles are not strictly Classical orders of architecture.

The *Ordonnance for the Five Kinds of Columns after the Method of the Ancients*, 1683, was the culmination of Perrault's efforts. A relative theory of beauty was proposed: a gage of battle and affront to the absolute premise of the newly founded Académie Royale d'Architecture, headed by François Blondel. The latter reacted vociferously and quite bitterly. The "œscientist" Perrault died ...
